Technologies Used : Retrofit, Unsplash API etc.
(<http://shahzar.github.io/#WallpaperApp>)
- Developed "**KeepTrack**", an Application for Android platform to keep track of daily events with options like checking-in when an event is performed or to check when it was performed last.
Technologies Used : SQLite, Design Library etc.
(<http://shahzar.github.io/#KeepTrack>)
- **Google Cardboard** based Networking and Virtual Interaction.
[B.E Final Year Project]
Technologies Used : Unity3D, GoogleCardboard SDK.
- OpenGL based **3D FPS Game** [Mini-Project].

Awards & Achievements

Secured 1st place

In 'Go Online' event conducted by Google Student Community, Mangalore.

Secured 1st place

In OpenGL Project Exhibition conducted in Srinivas School Of Engineering.

Secured 2nd place

In Web Designing event conducted in Srinivas School Of Engineering.

Secured 3rd place

In C Coding event conducted in Srinivas School Of Engineering.

Participated in **Microsoft India AppFest 2013**

At Aimit, St Aloysius College, Mangalore.

Workshops Attended

“Android Application Development” conducted by Padarth’13 – IIT Bombay in association with Magniva Technologies Pvt. Ltd. organized at Srinivas School of Engineering.

Interests & Activities

Photography, Pencil Sketching, Tech Enthusiast.
